

Team Involvement in Demonstration

Date	05-07-2026
Team ID	
Project Name	Emotion Detection & Learning Support Engine
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Sravya Yadlapalli	Team Leader & Presenter	Introduction, Epic 2 – Model Training, Conclusion	Introduced the project, explained the complete model training pipeline including Kaggle setup, data preprocessing, BiLSTM training, domain-adaptive fine-tuning, BERT fine-tuning, model evaluation, model export, and concluded the demonstration.	Active
2	Kilari Bhavana	Presenter	Epic 3 – Emotion Detection Pipeline	Demonstrated the emotion prediction pipeline, including text preprocessing, BiLSTM and BERT classifiers, mixed emotion detection, unified prediction schema, and CSV persistence used for storing prediction history.	Active
3	Sravana Bandi	Presenter	Epic 4 & Epic 5 – AI Integration and User Interface	Demonstrated Google Gemini API integration, AI response generation, response regeneration, session history, Streamlit user interface, analytics dashboard, Plotly visualizations, and application error handling.	Active

4	Priyanka Jupudi	Presenter	Epic – 6, Project Setup, Documentation & Deployment	Explained the project setup, environment configuration, virtual environment, API key management, folder structure, dependencies, ER diagram, project workflow, testing process, deployment, and project documentation.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Sravya Yadlapalli
Overall, Team Coordination Rating (1-5)	5/5
Any issues during demo	Minor coordination and timing adjustments were observed during the presentation rehearsal.
How issues were resolved	Responsibilities were clearly assigned, the team practiced together, and smooth communication ensured a successful demonstration.
